

CDP Virtual Training Opportunities

October 2025

- You **must** have a FEMA SID before applying for a course.
 - To register for a FEMA SID number, go to: <https://cdp.dhs.gov/FEMASID> and click “Register for FEMA SID” or “Forgot FEMA SID”
 - If you encounter any issues, please contact the FEMA SID help desk at: femasidhelp@cdpemail.dhs.gov
- Registering for a FEMA SID number **does not** register you for a class
- All students **must** register using the links below
 - If you encounter any problems registering, please contact VILT Support at: VILTSupport@cdpemail.dhs.gov

Hazardous Materials Response Planning and Management (HMTV1)

An examination of the task organization, process, and procedures for tactical planning and management of a hazardous materials incident response. Addresses the organization, roles, and responsibilities of a Hazardous Materials Branch or Group and provides a detailed analysis of the five phases of the tactical response process to include assessment & analysis, planning, implementation, evaluation, and termination.

Date	Time	Promo Code	Link
October 6, 2025	11:00 AM-1:00 PM CST	26NV-0144 HMTV1	Click Here to Apply

Hazardous Materials Personal Protective Equipment Determination and Considerations (HMTV2)

A comprehensive examination of the requirements and considerations for determining appropriate personal protective equipment (PPE) for a hazardous materials response. Discusses the OSHA and NFPA categorization of hazardous materials PPE, factors in determining required PPE to stock on-hand based on community hazards and threats, and for a specific incident, determining chemical compatibility of PPE items for an identified substance using various resources and tools; limitations of structural firefighting equipment in hazardous materials response, and medical screening, respirator fit testing, and other considerations for operations and management of personnel required to wear PPE.

Date	Time	Promo Code	Link
October 7, 2025	10:00 AM-11:00 AM CST	26NV-0145 HMTV2	Click Here to Apply

Hazmat and Decontamination during Storm Response – How it affects us all (OLS-V3)

Discusses how flood water caused by hurricanes, heavy rain, or a broken dam can contain hazardous materials and how we protect and decontaminate ourselves in these responses.

Date	Time	Promo Code	Link
October 7, 2025	1:00 PM-2:00 PM CST	26NV-0146 OLS-V3	Click Here to Apply

“Training the Best for the Worst”

Planning, Response, and Management of Radiological and Nuclear Incidents (HMTV4)

An examination of the requirements, considerations, and tools for managing a radiological or nuclear event in a community. Addresses likely sources of a radiological or nuclear incident; Federal, State, and local response resources. The three phases of a radiological or nuclear response; elements of early phase response; radiological dosimetry calculations; a brief overview of Hotspot and the RadResponder Network; and intermediate and late phase response.

Date	Time	Promo Code	Link
October 9, 2025	10:00 AM-12:00 PM CST	26NV-0147 HMTV4	Click Here to Apply

Hazardous Materials Decontamination Determination and Operations (HMTV3)

A discussion of the capabilities, requirements, and considerations for determining appropriate decontamination methods and means for a hazardous materials response. Examines the types, methods, and application of decontamination; reviews responder decontamination procedures (emergency and technical); reviews patient decontamination procedures (self-care, mass, and technical); decontamination site selection considerations; and the evaluation of the effectiveness of decontamination procedures.

Date	Time	Promo Code	Link
October 9, 2025	1:00 PM-2:30 PM CST	26NV-0148 HMTV3	Click Here to Apply

Mass Casualty Incident Response (HCV2)

Provides mass casualty triage education and practical experience in the application of the SALT (Sort, Assess, Lifesaving Interventions, Treatment/Transport) Mass Casualty Triage Algorithm. The instruction addresses global sorting of mass casualties, assessment of individual patients, performance of on-scene lifesaving interventions and the treatment, stabilization, and transport of patients for further treatment in a healthcare facility.

Date	Time	Promo Code	Link
October 14, 2025	10:00 AM-11:30 AM CST	26NV-0149 HCV2	Click Here to Apply

Medical Surge Management (HCV4)

Medical Surge Management examines the process for medical management of the immediate response phase of a mass trauma event. Explores considerations and challenges of establishing triage and life-saving interventions at the scene, transition of patients to healthcare facilities, and the prioritization and providing of emergency, life-saving treatment at a healthcare facility to do the best for the most patients.

Date	Time	Promo Code	Link
October 14, 2025	1:00 PM-3:00 PM CST	26NV-0150 HCV4	Click Here to Apply

Hospital Incident Command System (HCV7)

Introduction to the National Incident Management System and the National Response Framework. Explores the Hospital Incident Command System as a methodology for effectively applying the incident command system in a healthcare environment. The Hospital Incident Command System is discussed as it pertains to improving emergency management planning, response, and recovery capabilities for both planned and unplanned health and medical emergencies.

Date	Time	Promo Code	Link
October 15, 2025	11:00 AM-1:00 PM CST	26NV-0151 HCV7	Click Here to Apply

Command Post Operations (OLS-V23)

Command Post Operations: discusses how a command post works and the basic tools needed to maintain and properly run a command post.

Date	Time	Promo Code	Link
October 15, 2025	2:00 PM-3:00 PM CST	26NV-0152 OLS-V23	Click Here to Apply

Healthcare Facility Patient Evacuation Planning and Preparedness (HCV12)

The Healthcare Facility Patient Evacuation Planning and Preparedness virtual healthcare topic imparts knowledge and lessons learned in the planning and execution of evacuating a healthcare facility in preparation for, during, or after a disaster or emergency to class participants. Students review essential components of an evacuation plan from conducting a hazard vulnerability assessment through recovery and repatriation of the facility with real world examples. Students leave the course with the knowledge to evaluate and revise their facility's evacuation plan.

October 16, 2025	12:00 PM-2:00 PM CST	26NV-0153 HCV12	Click Here to Apply

Special Needs Population Considerations During Emergency Response (HCV3)

Provides an overview of the requirements, capabilities, and considerations necessary to ensure the special needs population requirements are addressed during planning, preparedness, response, and recovery.

Date	Time	Promo Code	Link
October 20, 2025	11:00 AM-12:00 PM CST	26NV-0154 HCV3	Click Here to Apply

The Effective Use of Social and Traditional Media during Emergencies (OLS-V8)

Focuses on the role of media during disaster/emergency situations and how to plan for the interaction. Additionally, there will be discussion encouraging agency communicators to evaluate their current plans for public information and ensure the plans have the appropriate balance of social and traditional media outreach. It will also encourage agencies that do not have a robust social media presence to increase their online presence to meet the needs of the communities they serve during disasters.

October 21, 2025	12:00 PM-1:00 PM CST	26NV-0155 OLS-V8	Click Here to Apply

Healthcare Facility Emergency Management Program (HCV6)

Addresses the nine steps for the effective creation of a comprehensive healthcare facility emergency management program. Discusses considerations and procedures for designating an emergency program manager, establishing an emergency management committee, developing an all-hazards emergency operations plan, conducting, and maintaining a hazard vulnerability analysis, developing incident specific guidance or planning guides, coordinating with external entities, preparing individuals and teams through training, exercising the emergency operations plan, and conducting program review and evaluation and planning for improvement.

October 22, 2025	10:00 AM-1:00 PM CST	26NV-0156 HCV6	Click Here to Apply

Patient Management: Receiving a Highly Infectious Disease Patient (HIDV3)

A discussion of infectious disease patient management processes for effectively receiving patients who are self-presenting, transported by EMS, or transferred from a community health provider.

Date	Time	Promo Code	Link
October 23, 2025	10:00 AM-11:45 AM CST	26NV-0157 HIDV3	Click Here to Apply

Hospital Planning for Mass Casualty Incident Surges: Natural Disasters (OLS-V4)

Provides guidance in planning for operational response(s) related to naturally occurring Mass Casualty Incidents (Hurricanes, Tornados, Earthquake, etc.) in terms of number and types of casualties, casualty acuity, types of injuries to anticipate staffing, logistical, and surgical needs.

Date	Time	Promo Code	Link
October 23, 2025	1:00 PM-2:00 PM CST	26NV-0158 OLS-V4	Click Here to Apply

Emergency Medical Response Awareness for CBRNE Incidents-Virtual Delivery (EMRA-V)

The student gains knowledge and practical experience in the triage and treatment of CBRNE mass casualty victims. The student reviews the CBRNE threat and associated symptoms of exposure and contamination; on-site and hospital triage and treatment of victims; and performs scenario-based triaging decision games to provide experience in the critical thinking skills required to quickly triage and treat CBRNE mass casualty victims.

Date	Time	Promo Code	Link
October 27, 2025	9:00 AM-6:00 PM CST	26NV-0160 EMRA-V	Click Here to Apply

Psychological Preparedness for Responders (OLS-V7)

Reviews common examples of situations encountered by emergency responders with a tendency to cause stress and/or stress-induced psychological trauma. The audience will gain knowledge of stress disorder causes, signs, and symptoms of stress-induced psychological trauma, and multiple coping methods for stress and stress disorders.

Date	Time	Promo Code	Link
October 28, 2025	11:00 AM-12:00 PM CST	26NV-0161 OLS-V7	Click Here to Apply

"Training the Best for the Worst"

A Deadly Dose: Fentanyl, Opioids, and the First Responder (OLS-V1)

Provides information on fentanyl, synthetic opioids, and other related substances. The escalating use of fentanyl-related substances increases the risk to responders during routine law enforcement emergencies or life-saving activities and should be treated with extreme caution to avoid health-related complications. Additionally, information on substance recognition, PPE, detection, and other best practices will be discussed.

Date	Time	Promo Code	Link
October 28, 2025	1:00 PM-2:00 PM CST	26NV-0162 OLS-V1	Click Here to Apply

Field Medical Tactics during an Emergency Response to an Active Assailant Incident (OLS-V13)

Discusses active assailant data and the paradigm shift in response tactics to a mass casualty event. This ELS will include an overview of field medical tactics that are based on the principles of Tactical Emergency Casualty Care (TECC). Presentation will include the stages of care, medical equipment, common types of wounds, and the assessment protocol for wound treatment.

Date	Time	Promo Code	Link
October 29, 2025	9:00 AM-10:00 AM CST	26NV-0163 OLS-V13	Click Here to Apply

Autism Awareness for Emergency Services (OLS-V19)

Discussing the behavioral complications of autistic adults and children. Identifying some of the subtle signs typically associated with autistic individuals, hazards associated with autistic individuals in a stressful emergency, calming techniques, dangers autistic individuals may put themselves, the public and responders into, recommendations for police and fire departments to better understand autism and the autistic individuals in their communities.

October 30, 2025	11:00 AM-12:00 PM CST	26NV-0164 OLS-V19	Click Here to Apply

Healthcare Facility Mass Fatality Management (HCV13)

Examines planning and preparedness considerations and explores the procedures and considerations for mass fatality management in a healthcare facility. Defines fatality management; considerations for healthcare facility mass fatality planning; considerations for healthcare facility mass fatality preparedness; explains essential healthcare facility fatality management procedures and considerations; discusses public information and media coordination considerations for healthcare facility fatality management; security considerations for healthcare facility fatality management; evidence preservation, collection, and chain of custody considerations for healthcare facility fatality management; Health Insurance Portability and Accountability Act considerations for healthcare facility fatality management; and mental and behavioral health support for healthcare facility fatality management.
